

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

In re application of: Ales CAPKA et al
Corresponding to: PCT/CZ02/0032
For: Cylinder Lock, especially for Motor Vehicles
Filed: Simultaneously

SIMULTANEOUS AMENDMENT

Hon. Commissioner of Patents
and Trademarks
Washington, D.C. 20231

Sir:

Simultaneously with the entry of the above-identified application into its U.S. National Phase, and prior to the calculation of the filing fees due, please amend the above application as follows:

Substitute a new application text (marked as Exhibit "C") for the accompanying translation (Exhibit "A") of the original German-language text of the above-identified PCT application.

REMARKS:

As indicated in the accompanying marked-up copy of the original text (Exhibit "B") – in a bold letter and square bracket fashion in the specification and Abstract, and in a bracket and underlining manner in the claims – some minor changes of mostly editorial character (i.e. insertion of appropriate headings) have been made in the specification text, whereas the dependencies of the original claims have been changed and new claims have been
